

Expeditioner Band 1.5 (APS 4) – Fitter and Turner

Classification	Expeditioner Band 1.5 (APS 4) - \$89,076 pa
Total Remuneration	\$162,012 pa (When in Antarctica/sub-Antarctic, inclusive of Antarctic Allowances)
Division	Australian Antarctic Division
Branch	Assets and Infrastructure
Section	Infrastructure Maintenance and Operations/Construction Projects
Location	Kingston, Tasmania and Antarctic/sub-Antarctic deployment
Employment Status	Non-Ongoing (temporary)
Hours	Full-time (37.5 hours per week)
Security Clearance	Not Required

WHO WE ARE – Australian Antarctic Division (AAD)

The AAD is part of the Commonwealth Department of Climate Change, Energy, the Environment and Water (DCCEEW). As primary agency for Australia's Antarctic Program (AAP), the AAD is responsible for achieving the Australian Government's Antarctic goals to:

- maintain the Antarctic Treaty System and enhance Australia's influence within it
- protect the Antarctic environment
- understand the role of Antarctica in the global climate system
- undertake scientific work of practical, economic and national significance.

THE JOB

As a Fitter and Turner, you will maintain station infrastructure, support the construction of new facilities, and carry out scheduled maintenance on existing buildings and site services. Your role will also involve performing repairs on mobile plant and equipment both in the field and on station.

Fitters and Turners report to the Station Trades Supervisor and Station Mechanical Supervisor, as well as the Infrastructure Team based in Kingston. You may be required to assist other trades as operational needs arise and are responsible for the safe operation of the machining workshop.

Fitters and Turners are employed during both summer and winter seasons, depending on project requirements across the three Antarctic stations (Davis, Casey and Mawson Stations) and the sub-Antarctic Macquarie Island Station.

Deployment to Antarctica is normally preceded by two months of predeparture training for Winter and one month for Summer.

You should apply for this role if you have the appropriate knowledge, skills and experience and an interest in the challenge of living and working in a small community in a remote environment. Applicants will be assessed and if successful placed in a role for training and deployment, or a merit

pool that will be used for future seasons.

Key duties will include, but are not limited to:

As a Fitter and Turner, you will be required to undertake some or all of the following:

- Provide specialist input to repair (in conjunction with other trades as required) and manufacture parts for machinery and industrial plant including heavy vehicles, crushing plant, power generation, fluid power systems, reverse osmosis and wastewater treatment plant.
- Assist science programs with the repair or fabrication of specialised equipment.
- Prepare technical reports.
- Perform fault finding, diagnosis, design, assembly and manufacture on site to support the operation of machinery used in building construction activities and science activities.
- Assist with other tasks in the construction and maintenance of buildings and services.
- Undertake work outside your primary trade and assist other trades as directed.

WHAT WE ARE LOOKING FOR - ESSENTIAL

Required Identification/Qualification/Licence/Ticket	When you need to provide evidence	
	Provide copy with application	obtained prior to job commencement
Trade Certificate - A suitable trade certificate, technical certificate, apprenticeship or recognised equivalent as Fitter and Turner.	✓	
White Card (issued after May 2009)		✓
Driver's Licence – A current, unrestricted “C” class (manual) Australian driver's licence.	✓	
Citizenship - In accordance with the PS Act 1999, APS employees are required to be Australian citizens. Persons who are not Australian citizens will generally only be considered where there are no suitable Australian applicants, with next considerations being Australian residents with work rights and New Zealand citizens.	✓	
Valid Passport - The expiry date of the passport (and any relevant visa) must be at least 6 months beyond the planned end date of your intended stay in the Antarctic or sub-Antarctic		✓
Provide First Aid (HLTAID011) must be valid for at least 18 months beyond the date of AAD commencement.		✓
Provide basic emergency life support (HLTAID010) must be valid for at least 18 months beyond the date of AAD commencement.		✓
Provide CPR (HLTAID009) must be valid for at least 6 months beyond the date of AAD commencement		✓

Knowledge and experience:

Recent hands-on experience (within the last 5 years):

- Lathe and milling
- Electric welding and metal fabrication
- Diagnosis, fault finding and repair of machinery
- Demonstrated experience across a broad range of fitting, machining, maintenance and repair activities.

WHAT WE ARE LOOKING FOR – HIGHLY DESIRABLE

These are not essential to the role, however, to be suitable you will need to have at least some of these. We encourage you to apply even if you do not meet 100% of the requirements.

Knowledge and experience:

- Interpreting drawings and specifications.
- Hydraulic systems.

WHAT WE ARE LOOKING FOR – DESIRABLE

These are not essential to the role, however to be suitable you will need to have at least some of these. We encourage you to apply even if you do not meet 100% of the requirements.

Knowledge and experience:

Qualifications/licences (provide copies in your application):

- Dogging
- Rigging
- High-Risk Work Licence

Recent hands-on experience (within the last 5 years):

- Dogging and rigging.
- Operation of heavy plant and equipment.
- General construction/building work.
- Inventory and stocktaking.
