

Expeditioner Band 4.1 (EL2) – Voyage Leader

Classification	Expeditioner Band 4.1 (EL 2) - \$147,594 pa
Total Remuneration	\$218,131 pa (When in Antarctica/sub Antarctic, inclusive of Antarctic Allowances)
Division	Australian Antarctic Division
Branch	Operations and Logistics
Section	Maritime Logistics
Location	Kingston, Tasmania and Antarctic/sub-Antarctic deployment
Employment Status	Non-Ongoing (temporary)
Hours	Full-time (37.5 hours per week)
Security Clearance	Not Required

WHO WE ARE – Australian Antarctic Division (AAD)

The AAD is part of the Commonwealth Department of Climate Change, Energy, the Environment and Water (DCCEEW). As primary agency for Australia's Antarctic Program (AAP), the AAD is responsible for achieving the Australian Government's Antarctic goals to:

- maintain the Antarctic Treaty System and enhance Australia's influence within it
- protect the Antarctic environment
- understand the role of Antarctica in the global climate system
- undertake scientific work of practical, economic and national significance.

THE JOB

As a Voyage Leader (VL) onboard Australia's icebreaker RSV Nuyina, you will lead a diverse team of multi-skilled expeditioners on a wide range of exciting science and logistics programs in one of the most remote, isolated and beautiful places on the planet.

The Australian Antarctic Division (AAD) is part of the Commonwealth Department of Climate Change, Energy, the Environment and Water. The AAD is committed to a diverse workplace and seeks to foster a positive and inclusive culture for all employees.

As primary agency for Australia's Antarctic Program (AAP), the AAD, in close partnership with other government portfolios, is responsible for achieving the Australian Government's Antarctic interests to:

- maintain Antarctica's freedom from strategic and/or political confrontation
- preserve our sovereignty over the Australian Antarctic Territory, including our sovereign rights over adjacent offshore areas
- support a strong and effective Antarctic Treaty system
- conduct world-class scientific research consistent with national priorities

- protect the Antarctic environment, having regard to its special qualities and effects on our region
- be informed about and able to influence developments in a region geographically proximate to Australia
- foster economic opportunities arising from Antarctica and the Southern Ocean, consistent with our Antarctic Treaty system obligations including the ban on mining and oil drilling.

You will be responsible for the safety, physical, and emotional well-being of the expeditioner community onboard the vessel and the coordination and management of all onboard programs and expedition personnel inclusive of all employment affiliations and nationalities.

The AAD's Antarctic shipping program traditionally operates from October to April each season and is developed around the priorities for scientific research and station resupply activities, in-line with the ideal environmental periods for vessel access to the AAD's stations. Each voyage will have a VL onboard and voyage duration can range from 25 days through to 80 days.

You should apply for this role if you have the appropriate knowledge, skills and experience and an interest in the challenge of living and working in a small community in a remote environment. Applicants will be assessed and if successful placed in a role for training and deployment, or a merit pool that will be used for future seasons.

Key duties will include, but are not limited to:

You will report to the AAD Branch Head, Operations and Logistics, working through and with direction from the Director, Maritime Logistics. You will be supported by the Operations Management Centre, Maritime Asset Management Section and other executive managers to maintain a safe and harmonious workplace while ensuring successful program outcomes.

Representing the AAD's Head of Division, you will be required to ensure that the policies, procedures, Treaty requirements and International collaboration with other Antarctic nations are administered effectively.

In achieving these outcomes, you will:

- lead by example;
- support and assist all expeditioners to cope with issues that may result from working in isolation and separation from family and friends;
- be aware of the personal and emotional needs of expeditioners and do what can be done to meet these needs where possible;
- maintain, promote and encourage appropriate levels of tolerance and flexibility in work/social interaction and relationships of a diverse team of expeditioners;
- develop and maintain a productive and cohesive voyage community, including actively resolving conflict and maintaining discipline when required;
- foster a strong safety culture to ensure the safe conduct of all voyage operations and programs, including leadership in emergencies such as fire, accident and search and rescue;
- foster a strong environmental culture to maintain the uniqueness of the environment in which you will be living and working; mitigate the environmental impact of operations and ensure environmental laws are observed;

- be responsible for the health and safety of all expeditioners onboard the vessel. As an aid to this process, the AAD has developed the Safety Behaviours Framework, with the Voyage Leader expected to both apply and promote the Framework;
- ensure objectives and priorities are achieved for a successful voyage, including managing aviation, boating, resupply logistics and onboard scientific operations, often simultaneously; ensure that all programs/expeditioners are appropriately resourced to achieve their defined goals;
- manage individual performance, assess behaviour and work competency, and provide regular constructive feedback, counselling and reporting;
- manage, or as required, coordinate onboard support to scientific, administrative, and logistics programs;
- roster expeditioners to perform duties for logistics, resupply and scientific operations;
- implement Government policies on behalf of the AAD Executive with direction from Manager, Maritime Logistics and the support of the Operations Management Centre;
- manage the implementation of AAD policies for the security of public property and equipment;
- act as an Inspector under the Antarctic Treaty (Environment Protection) Act 1980 as required; and
- perform the functions of Special Constable under the Australian Antarctic Territory Criminal Procedure Ordinance 1993;
- ensure cross functional monitoring, coordination and mutual compliance with AAD Standard Operating Procedures (SOP);
- manage an onboard partnership with the crew of RSV Nuyina, who are engaged via Serco Defence; and
- foster an open and honest culture between AAD and Serco Defence Personnel.

Before you depart on a voyage you will spend time with us at the AAD (Kingston and Hobart, Tasmania) where you will:

- undertake various planning and coordination projects related to the conduct of the expedition;
- supervise expeditioners;
- assist with or participate in training of expeditioners;
- attend your own specialised training and briefing program; and • perform other tasks necessary for the preparation of the expedition.

This pre-deployment training period is traditionally twenty-eight working days, however depending on the nature of the voyage, and your own experience, this pre-deployment training period may be varied.

WHAT WE ARE LOOKING FOR - ESSENTIAL

When you need to provide evidence

Required Identification/Qualification/License/Ticket	Provide copy with application	obtained prior to job commencement
Project or Logistics Management - Tertiary qualifications in project or logistics management and/or demonstrated industry experience.	✓	
Driver's Licence – A current, unrestricted "C" class (manual) Australian driver's licence.	✓	
Citizenship - In accordance with the PS Act 1999, APS employees are required to be Australian citizens. Persons who are not Australian citizens will generally only be considered where there are no suitable Australian applicants, with next considerations being Australian residents with work rights and New Zealand citizens.	✓	
Valid Passport - The expiry date of the passport (and any relevant visa) must be at least 6 months beyond the planned end date of your intended stay in the Antarctic or sub-Antarctic		✓
Provide First Aid (HLTAID011) must be valid for at least 18 months beyond the date of AAD commencement.		✓
Provide basic emergency life support (HLTAID010) must be valid for at least 18 months beyond the date of AAD commencement.		✓
Provide CPR (HLTAID009) must be valid for at least 6 months beyond the date of AAD commencement		✓

Knowledge and experience:

Manage to Achieve Results

- Outstanding leadership skills, a substantial record of achievement, and a reputation for taking a strategic perspective and delivers results.
- Demonstrated understanding of and commitment to current WH&S legislation and its practical application in the workplace to ensure field, scientific, industrial and domestic operations are conducted safely.
- Undertake complex analysis and interpretation and apply significant judgement in decision making while managing risk.
- Demonstrated commitment to contemporary environmental management principles and practices.

Lead the Community

- Possess strong people management skills, including the ability to build high performing and multi-disciplinary teams, creating a culture where people feel valued, supported, and satisfied in their role.
- A collaborative mindset, with demonstrated experience building and maintaining strong professional relationships to positively influence the achievement of results in a complex, operationally diverse environment.
- Be a thoughtful and courageous leader who experiments and innovates with a proven history of leading through ambiguity and tight time frames.

- Proven ability to assess the performance of others, provide appropriate feedback and counselling and prepare written performance reports.
- Demonstrated commitment to workplace diversity principles and willingness and ability to address discrimination and harassment issues.

Demonstrate Personal Effectiveness

- Exemplify a high level of resilience and personal integrity.
- Collaborate, communicate, leverage and influence relationships to deliver agreed business outcomes.
- Proven ability to work efficiently under both personal and general pressure in changing circumstances and to cope with physical and emotional isolation.

ELIGIBILITY AND OTHER REQUIREMENTS

Personal Qualities:

During the recruitment selection process, the AAD assesses individual personal qualities required to successfully live and work in an isolated Antarctic/sub-Antarctic community. Successful candidates need to demonstrate the personal qualities detailed [here](#).

Pre-employment check:

Your suitability for employment will be assessed through pre-employment screening including National Police Check, referee checks, pre-employment medical assessment, specified mandatory qualification(s) validation and completion of required probation period.

Work Health and Safety Obligations:

All employees have a duty to take reasonable care of their own health and safety while at work, to ensure their acts or omissions do not adversely affect the health and safety of other persons in line with any reasonable instruction given to comply with the Work Health and Safety legislation.

RecruitAbility:

Under the [APS \(Australian Public Service\) RecruitAbility scheme](#) you will be invited to participate in further assessment for the vacancy if you choose to apply under the scheme; declare you have a disability; AND meet the minimum requirements for the position.

HOW TO APPLY

Information about how to apply can be found [here](#), including further information about AAD jobs.
